

Budweiser

"The Chief of All"

Just as the American Indian chose his chieftain for deeds of valor in war, and wisdom in times of peace,
So has Budweiser, because of its Quality and Purity, been chosen by the American of today the Chief of all bottled beers.

CLIFFORD THOMPSON

With the Redmond Stock Company at the Nevada Theater.

For the coming week local theater goers will be kept busy for the attractions offered by the noted Ed Redmond company, which opens its engagement at the Nevada theater Monday night, is such as to warrant a nightly attendance at the playhouse. It is by far the greatest of plays that has been produced in any city, and local play-goers should consider themselves fortunate that the noted players will come to this city for an engagement. Announcement has been made of the dates on which the plays are to be produced as follows: Monday night, "The Man on the Box;" Tuesday night, "The Lion and the Mouse;" Wednesday night, "A Banker's Holiday;" Thursday night, "Paid in Full;" Friday night, "Are You a Mason?" Saturday matinee, "The Men on the Box;" Saturday night, "A Bachelor's Romance;" Sunday night, "The House of a Thousand Candles."

Each and every one of the plays to be produced here are New York successes that have enjoyed long runs in the larger American cities, and with a cast of such noted players as appear in the Ed Redmond company the productions should be perfect.

All Voters Must Register for Forthcoming General Election

The great register for the general elections to be held on November 8 will close on October 21 and those who have not registered at that time will be deprived of the privilege of voting at the fall election. Many persons have inferred that the fact of their having registered for the recent primary election or having been on the great register before the last general election would entitle them to vote this fall, but such is not the case. Every voter, no matter where he lives or what registry book or books he has signed in the past, must have his name entered on the great register before October 21, if he would vote at the general election this fall.

ENTIRE TRAIN LOAD OF COPPER FROM NEVADA

ELY, Nev., Sept. 16.—A special train of copper consisting of a solid train of twenty-five cars, each containing fifty tons of copper, will leave the plant of the Steptoe Smelting and Mining company at McGill today. This is the largest single shipment of copper ever made anywhere and is consigned to Baltimore, Md., where it will be refined, the gold contents extracted and the finished product put in shape for delivery on the market.

This tremendous shipment is valued at close to half a million dollars and represents the output of the big Steptoe smelter during the past few weeks. None of the officials of either the Smelting company or the Consolidated will give out any statement of the purpose of such a large shipment beyond that it

is a part of the routine work of distributing the product of their property in White Pine county.

Copper shipments are being made from McGill almost daily, but never before has a special train, consisting entirely of the red metal, been sent either from this district or anywhere.

The Ely Commercial league is to see that the county receives ample advertising. Each car will carry a placard announcing the fact that the trainload of copper comes from the hills of White Pine county, Nevada, the place where they have mountains of copper and where the metal is being produced cheaper than anywhere in the world. The railroad company will not permit large banners to be placed on the cars, but photographs of the train will be taken and postal cards containing the picture will be sent throughout the country.

One cause of the large shipment at this time is believed to be the fact that a reduction in the freight rate will go into effect tomorrow and the present shipment is an accumulation that has been made in anticipation of the low rate and the saving that will result.

MORE UNIONS IN NEW YORK.

NEW YORK, Sept. 16.—The number of trades represented by labor unions in Greater New York now exceeds 1,200, according to reports gathered for the United Trades council. Among the new unions formed during the past month are organizations among the forceps finishers, umbrella makers, women's comb makers and Jewish bookbinders.

Recognition by posterity is the hope of those writers who fail in the present.
